

For Immediate Release

Analytic Systems Wins Surrey Business Excellence Awards 2009

Delta, BC, November 6, 2009. Analytic Systems is honoured to have been awarded the prestigious Surrey Business Excellence Awards in the top Division, of 21+ employees sponsored by the Surrey Board of Trade. This is exciting for Analytic Systems as there are hundreds of companies in this size division in British Columbia's second largest and fastest growing city. This is the first time they have entered this award program. Analytic Systems was honoured that Paige Kennedy, the District Manager, Surrey, Business Development Bank of Canada nominated them. Even though the majority of the manufacturing takes place in their new expanded Delta, BC factory they still maintain their Surrey CNC shop, which will shortly be expanding.

Analytic Systems has a lean manufacturing philosophy that encompasses the entire company and they are just in the process of completing a Tomorrow's Workplace program sponsored by the Surrey Board of Trade. In addition Analytic Systems has been honoured by the Disability Resource Network for its hiring practices.

Analytic Systems' high performance power conversion products are designed to exceed many of the latest standards underscoring Analytic Systems' commitment to Quality, Service, Support and Safety. We have some of the most gifted designers of electronic circuitry. Analytic Systems is committed to innovative technology in the design and development of MPPT Charge Controllers, DC/DC Converters, Inverters, Battery Chargers, and Power Supplies.
